

Synthetic Document 3: Daily Not-In-Stock (NIS) Audit Log

Purpose: This is the daily trigger report. It shows the AI the difference between what the computer *thinks* is in the store versus what is *actually* missing on the shelf. The agent uses this data to recommend Balance on Hand (BoH) corrections and draft orders.

Document Title: Daily NIS & BoH Variance Report
Date: Nov 18, 2026
Run Time: 0730 hrs
Prepared By: CAO Automated System

Critical Shortages (Below 3-Day Supply):

Item ID	Description	System BoH	Physical Shelf Count	Variance Status
10045	Gold Medal Flour (5lb)	48	0	Phantom Inventory - Requires manual BoH adjustment to 0.
10047	Libby's Canned Pumpkin	0	0	True Out of Stock - Pending Vendor Delivery.
10099	French's Fried Onions	12	12	Low Stock - Action required before Thursday.

Lead Action Required:
Verify physical shelf counts against System BoH using RF-HHT scanners. Submit emergency replenishment orders for any "True Out of Stock" items prior to the 0900 vendor cutoff window.
