Standard Operating Procedure

All FDS deliveries must be checked in by the GS-07 Receiving Clerk. Discrepancies between the manifest and physical pallet count must be logged in the CAO system within 4 hours of the physical delivery.

Additional Guidelines:

- Safety:** All receiving dock protocols must be strictly followed during unloading.
- Quality Check:** Chilled and frozen goods must undergo temperature checks upon arrival before being accepted.
- Staging:** Dry grocery pallets must be staged in designated zones based on aisle locations to expedite the night stocking process.
- Verification:** The Receiving Clerk must sign off on all physical manifests and provide a copy to the Inventory and Replenishment Lead by the end of the shift.
