

URGENT: ALFOODACT 2026-042

Class I Recall - Gold Medal Unbleached Flour (5lb)

Date Issued: Nov 18, 2026

1. Reason for Recall

General Mills has issued a voluntary recall for specific batch codes of Gold Medal Unbleached All-Purpose Flour (5lb bags) due to potential contamination with **Salmonella**. This is a Class I recall, representing a health hazard situation where there is a reasonable probability that the use of the product will cause serious, adverse health consequences or death.

2. Affected Product Data

Product Attribute	Details
Item ID	10045
UPC	000-16000-19610
Batch Codes	KC26A, KC26B
Best By Dates	MAR 2027

3. Required Action by Store Leadership

- **IMMEDIATELY** remove all affected product from the sales floor and back-stock areas. Do not wait for vendor representatives to perform this action.
- **Segregate** the product in a secure, marked area labeled 'DO NOT SELL - RECALL'.
- **Adjust BoH** to zero for the affected batch quantities to halt any automated physical counts.
- **Report completion** to Region HQ within 24 hours of this notice.
- **Post recall notices** at registers and customer service desks to alert patrons who may have already purchased the affected batch.

Compliance is mandatory and must be verified by the Store Director.
