

Submittal Log Excerpt

Practice file: Cedarline Training Hall, job SYNTH-HALL-01.

Original text. Not a real project and not a platform export.

Register for Cedarline Training Hall. Status words are the practice set: approved, pending, submitted, revise and resubmit.

Rebar: submittal SB-12, status approved.

Anchor bolts: submittal SB-18, status pending.

Vapor barrier: submittal SB-21, status revise and resubmit.

Concrete mix CH-4000: submittal SB-07, spec 03 30 00, status approved.

Steel shop drawings: submittal SB-16, spec 05 12 00, status submitted.

Steel mill reports: submittal SB-30, spec 05 12 00, status submitted.

Formwork layout: submittal SB-04, spec 03 11 00, status approved.

Earthwork compaction report: submittal SB-02, spec 31 20 00, status approved.

How to read a row: the number (SB-21) is the register id. The spec section is where the product is specified. The status is the review answer.

SB-21 note: the reviewer asked for the seam tape data sheet and the penetration detail.

Those pages were missing.

Use: the assistant should cite this log when the question is about a submittal status. The product rules live in the division files.
